

# No Sew Fleece Blankets (Tied)

## SUPPLIES

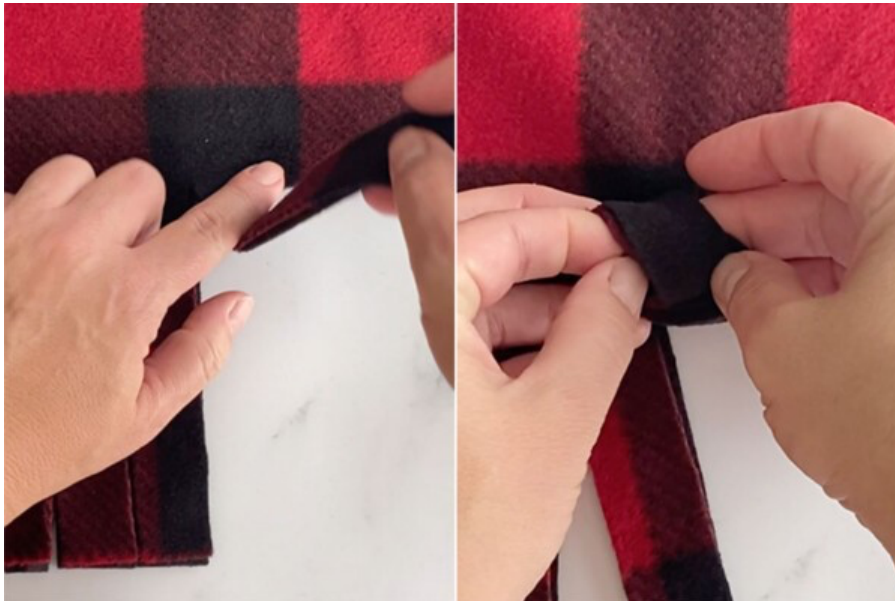

- 2 pieces Fleece Fabric *1.5 yards each for child size, 2 yards each for adult*
- Ruler
- Sharp Scissors *or rotary cutter + cutting mat*

## INSTRUCTIONS

- Place both pieces of fabric down on the floor, right sides facing out. Smooth out fabric and match up edges. Cut edges straight, trimming through both layers of fabric at once so both layers are the same size.
- Cut a 5x5 inch square from each corner of the fabric (you will be treating both layers of fabric as one from here on out). Make 5 inch cuts all the way around the edges of the fabric, 1 inch apart.

- Pick up each strip of fabric and tie it in a balloon knot, wrapping the piece around your finger and tying it like you would a balloon.

- Continue all the way around the blanket, tying each fringe piece into a knot.
